

July 17, 2020

Dear Hawthorn Parents:

A lot has changed since we were able to be at school in person in March. (What an interesting way to finish a school year and begin this new adventure as Head of School!) I would like to thank each one of you for your continued support and trust. Also, a big thank you for taking the time to answer the survey sent last week as it helps us improve the way we work with you and serve you. Your feedback is always greatly appreciated!

While it has not been easy, we continue to prepare for the future with hope, to strengthen our community, and grow in virtue.

As mentioned by Dr. Gutierrez in her parting message, we are working diligently to prepare ourselves and the school to welcome everyone safely in September. Our Task Force is developing the plans for the different possible scenarios in the fall, preparing for the return of students and staff, taking into consideration your recommendations, as well as the professional advisories and guidelines provided by the local authorities. In the coming weeks, you will be receiving information to prepare families and students to return to school for the new academic year. Included will be an explanation of the new guidelines that will be implemented for when everyone returns.

As always, feel free to contact us with any additional feedback or suggestions. You can send these to administration@hawthornschool.com.

I sincerely hope that you and your families are safe and able to make time for a well-deserved rest over the summer.

Kind regards,

Irian Flores de Medina
Head of School
