Hawthorn School is an independent all-girl school from Pre-K to Grade 12 located in Toronto. At Hawthorn, girls develop a love of learning and build good habits for life. That's because a Hawthorn education delivers academic excellence and character development in an integrated way. Our university-preparatory classical liberal arts curriculum fosters critical thinking, cultural literacy and growth in virtue. Extra-curriculars, service projects, sports, visual and dramatic arts and music are all part of our vibrant community. At the heart of our philosophy is the benefit of a Catholic education that focuses on the moral development of each girl.
